OBJECTIVE

Undergraduate student majoring in Computer Science, eager to secure an internship to kickstart my career in the domain. I am an avid learner, always seeking opportunities to expand my skill set and contribute to innovative projects.

EDUCATION

BSc (Hons) in Computer Science

Expected Graduation, 2027

University of Westminster, UK

Informatics Institute of Technology (IIT) Sri Lanka

- **Concentrations:** Programming, Web development, Mobile Application Development

GCE Advanced Level – Physical Science

2022

Isipathana College

- ICT – A, Combined Mathematics – C, Physics – S

EXPERIENCE

Neograenium – Learning Space

Course Instructor

Oct 2023 - Present

- Developed and implemented an engaging STEAM curriculum using tools such as LEGO Education, Microbit, Arduino, and machine tools, fostering creativity and critical thinking among future engineers and innovators.
- Played a pivotal role in the startup phase of Neograenium, contributing to business planning, curriculum development, and organizational growth.
- Leveraged programming and other technical skills to design interactive lessons and projects, teaching students to approach problems like engineers and enhancing their coding and technical proficiency.

Neograenium Learning Space - Website Development

Developer - Freelance

2024

- Leveraged Themeco Cornerstone to develop and implement a WordPress website for an educational business, effectively showcasing the business and its services to potential clients.
- Collaborated closely with stakeholders to gather requirements, iterate on design mockups, and deliver a user-friendly interface that met client expectations.

PROJECTS

Programmed a Java-based Plane Management System and various key projects, showcasing proficiency in Java programming and object-oriented principles. Developed websites using HTML, CSS, and JavaScript, including a coffee shop site, portfolio, and the Zero Hunger UN website.

Certifications

University of Moratuwa

Front-End Web Development, Server-side Web Development, Python Programming.

LinkedIn Learning

Figma for UX Design, Git and GitHub, MERN Stack (reading), Flutter Development (reading), and more.

SKILLS

Programming Languages: Python, Java, JavaScript, HTML, CSS, Dart, JavaFX

Frameworks and Libraries: Angular, React, jQuery, AJAX

Data Handling and Tools: XML, JSON, MySQL, MongoDB, Git, Figma, Canva, WordPress, Photoshop, VSCode, IntelliJ, Eclipse
